

Cable Kit 3197 & 3197/02 Interface 3130 or 3009/09

Mimer SoftRadio for Icom radios without the 25 pin back connector

Remote functionality

This cable kit will together with the Mimer Network Interface give remote control of the radios audio and PTT functions.

Radio programming

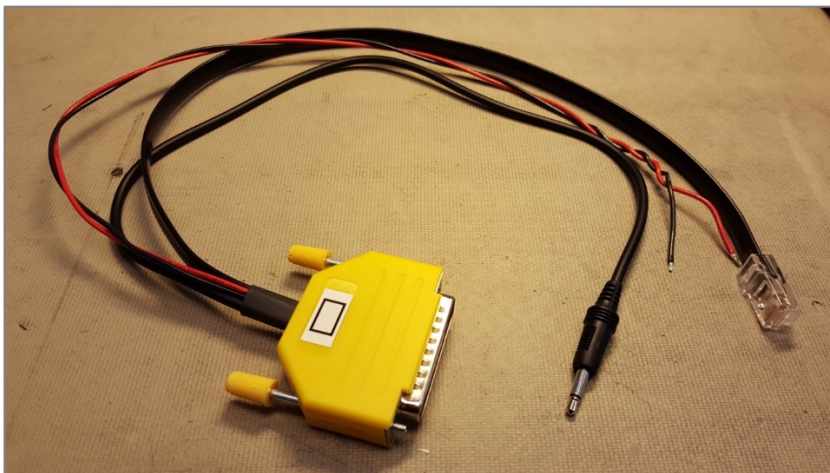

No special programming is needed in the radio.

The radios volume control knob shall be set for 50% volume. This is when the knob points straight up (12 o'clock).

Cable Kit

The red and black wires shall be connected to 12VDC, red is positive.

The network interface consumes max 0,3A.
